**STREET STALL APPLICATIONS ASSESSMENT CRITERIA**

Where more than four Street Stall Applications are received for a single month at the Midway Point roundabout site the following assessment criteria should be applied.

- Preference will be given to applicants who reside in the Sorell municipality.
- Preference will be given to applicants who intend selling produce that has been grown in the Sorell municipality.
- Preference will be given to applicants who held a permit for the same month during the previous financial year, as long as that Permit was not cancelled due to a breach of permit conditions.

The above criteria should be used in the order in which it is written above (i.e. 1 through to 3), with the application continuing to be considered until it fails to meet one of the criteria.

If, after assessing the applications in accordance with the above criteria, there exists a situation where there are more than 4 applications for the one month, all the applicants for that month will be encouraged to negotiate a mutually acceptable agreement among themselves.

For example:

- Applicants A and B agree to share a permit, in which case a permit would be issued to applicant A and B jointly and it would be up to applicants A and B to negotiate who uses the permit on which day. In this case each applicant would be required to pay only half the normal monthly fee.
- Applicants A and B agree that applicant A has a permit for certain days of the week and applicant B has a permit for the other days. In this case each applicant would pay a fee based on the number of days they have agreed too.
- Applicants A, B, C, D and E agree to a scenario which would see applicants A, B, C and D hold a permit for day 1, applicants B, C, D and E hold a permit for day 2, applicants C, D, E and A hold a permit for day 3 and applicants D, E, A and B hold a permit for day 4, etc. In this case each applicant would pay a fee based on the number of days they have agreed too.

If the applicants are unable to negotiate a mutually acceptable agreement among themselves then Council will assess the applications by firstly applying the above assessment criteria (points 1, 2 and 3) and then as follows:

The names of all applicants who satisfy the assessment criteria for that month will be placed in a box. All names will be drawn out, one at a time, with the order of the draw being recorded.
