9.0 COUNCILLOR QUESTIONS ON NOTICE

9.1 QUESTION ON NOTICE – COUNCILLOR REED

Recycle Rewards

More than six years after it was first announced it's terrific to have the eagerly awaited container deposit scheme Recycle Rewards now collecting approved glass, aluminium and plastic drink containers.

From 1 May 2025 a 10 cent refund is available for any eligible drink container returned to a designated refund point in Tasmania. TasRecycle Limited are the Scheme Coordinator and TOMRA Cleanaway is the Network Operator. TasRecycle is a not-for-profit entity formed by Lion Pty Ltd, Coca-Cola Europacific Partners and Asahi Beverages.

Of 49 sites around the state, the first of the long-awaited collection points in our district are at Coles Sorell and the Dodges Ferry Hotel.

Looking ahead, adding convenient sites in more places would encourage more recycling.

- How is Recycle Rewards contributing to Council's waste management strategy?
- How were the local Recycle Rewards sites chosen?
- When might we look forward to more local collection points in our communities?

Manager Health & Compliance Comments:

How is Recycle Rewards contributing to Council's waste management strategy?

Consistent with Goal 1 focus on promoting the sustainable management of resources.

How were the local Recycle Rewards sites chosen?

Tomra/Cleanaway staff engaged with Council staff and arranged site inspections to identify possible sites. One of the Shopping Centres was the preferred site in Sorell due to zoning, setbacks to residential zoned land, parking, access to power and convenience. Sites were checked in Dodges Ferry, limited options existed due to zoning, available space and access to power.

When might we look forward to more local collection points in our communities?

It is likely in coming months that a site will be set-up in Primrose Sands or Dunalley.

10.0 COUNCILLOR MOTIONS ON NOTICE

10.1 MOTION ON NOTICE – COUNCILLOR REED

“That Council resolves to challenge the normalisation of abuse against elected members and officers and uphold exemplary standards of public and political debate in all it does.

23.0 QUESTIONS FROM THE PUBLIC

△

In accordance with Regulation 31 of the Local Government (Meeting Procedures) Regulations 2015, Council will conduct a Public Question Time.

At each meeting the Mayor will invite those members of the public present to ask questions. When requested please:

- Stand up; and
- State clearly your name and address.

This time is allocated for questions from the public. Questions are to be kept brief and specific to the topic to which they relate.

Members of the public are reminded that questions and any answers to such questions are not to be debated.

Questions may be submitted to Council in writing at least seven (7) days before an ordinary Council meeting.

23.1 QUESTION FROM THE PUBLIC ON NOTICE

Mr Des Vernon of Bream Creek asks:

"Why would the council change hard waste collection interval to more than 6 months previously 3 months without community consultation and I assume councillor consultation."

We wish for councillors to push for a return to 3 month collection and or proper consultation."

Response from Manager Health and Compliance:

The changes to hard waste were included in the *Sorell Council Waste Management Strategy 2023*.

Goal 2 of the Strategy is 'To provide convenient and affordable waste services that meet the needs of the community', which includes phasing out hard waste collection and providing subsidised access for residents to 'drop off' waste at the Mornington Park transfer station.

Following consultation with the community and reviewing a community run survey completed by *Community Action on Waste*, Council agreed that hard waste collection should continue for at least another 2 years (effective from July 2024), but the frequency would reduce to twice a year. This also reflected the lessening access to or availability of contractors.

Currently, consultants engaged by *TasWaste South* (with the support of Sorell, Brighton, Clarence and Hobart Councils) are completing a regional hard waste collection benchmarking and feasibility study report. The objective of the study is to identify cost-effective, safe, and sustainable service options that could be implemented by member councils, either individually or collaboratively. Once the report has been completed Council will consider the recommendations before making any changes to hard waste services.

Sharon Fotheringham of Forcett questioned what projects were promised by Labor during the election campaign?

The General Manager advised that for the municipality, Urgent Care Clinic funding, Community Precinct capital funding and capital funding for the Tasmanian Irrigation South East Irrigation Scheme – Stage 3 expansion.

Sharon further questioned regarding when the causeway works will commence.

The General Manager advised that there hasn't been a commencement date as yet but that the project commitment and funding remains.

Sharon questioned the updates to the Arthur Highway, do we know which area in Forcett is being referred to?

The General Manager wasn't aware of the matter being referred to but advised that there was a \$200m Federal Government announcement prior to the election for upgrades to the Arthur Highway, which included the Sorell Rivulet Bridge replacement. And further, that the State Government has finalised a Corridor Strategy for the highway with a range of projects and priorities. It is now between the Department of State Growth and the Federal Government as to which projects will be funded.

Sharon further requested that the issue of traffic turning right off Cole Street into McDonalds causing traffic build up needs to be raised with Department of State Growth.

The Mayor advised that the General Manager would follow this up. She further advised that she has spoken with the local Police Inspector about enforcing this but they don't have the manpower to do traffic control. She also advised that part of the new McDonalds expansion plans seeks to resolve this issue.

Bob Brakey from Dunalley advised that he is yet to receive a response to the amount of infrastructure spending by Council on new assets at Dunalley since the bushfires – not including bushfire recovery projects.

The General Manger advised that he hasn't prepared this yet. He did advise that apart from the bushfire funded projects the only spend has likely been on maintenance and renewal of existing assets only.

Bob further questioned if Council will do a costing for a multi purpose path from Bay Road to Dunalley along the Arthur Highway and seeking Active Transport or other funding streams to complete.

The General Manager advised that Council has a preliminary cost estimate based on a gravel unit rate only (not supported by a design) for the purposes of informing the financial modelling of the Long Term Financial Plan and the associated forward capital program for new and upgraded assets. Similarly, a cost estimate for concrete can also be determined. A design would be required for an accurate costing given some of the construction difficulties with drainage, slope and driveway crossings. The General Manager further advised that discussions with the Department of State Growth have commenced to see if this could be funded under the Arthur Highway upgrades funding.

The Mayor advised she would follow up with Jen Butlers office regarding the petition from residents presented to Government and how it was received.

Diedre Biggar questioned regarding the trees on foreshore land at First Avenue if there any updates?

The Director of Service Delivery advised that this currently is sitting with Crown Law and she is actively trying to get this escalated.

Dierdre further questioned regarding lighting of intersections on the highway at Lewisham Road and Old Forcett Road and if something can be done about this.

The Mayor advised that the General Manger has raised this before and will try again.

Cathy Minnucci of Primrose Sands requested an update on what has occurred on addressing the water quality at Primrose Sands Beach.

The General Manager advised that testing and data collection is still occurring. We have engaged the services on specialist consultants to assist with this issue and they will provide a report to us in June. It still remains an active project with Council staff.

Cathy further questioned if residents in this area have been approached regarding general maintenance of their septic systems.

The General Manager advised that he would have to seek advice from the Manager Health & Compliance. He further advised that depending on the system installed there are differing requirements for the owner to ensure regular inspections/maintenance are carried out through the year by a qualified plumber noting 'standard' septic systems aren't subject to this.

Cathy further mentioned the motion from the AGM regarding tank water maintenance and whether this is being included in the Community News to go out with the rates in July.

The General Manager advised that he would clarify if this had already occurred with the Mayor then confirming that this information has been put out through other communication channels.

Sharon Fotheringham asked a further question if Council were aware of the animal sanctuary in the Sugarloaf Rd area and cabin buildings erected likely without approvals?

The Mayor advised that Council are aware of the sanctuary and are communicating with the owner.

The open meeting concluded at 7.35 pm

CLOSED MEETING

Members are advised that items listed below in the CLOSED SESSION AGENDA are classified as CONFIDENTIAL ITEMS in accordance with the provisions of the Local Government Act 1993.

A Councillor must not discuss any item listed in a CLOSED SESSION AGENDA with any person (except another elected member, the General Manager or the author of a report to the closed session of Council or a Council Committee) without a specific resolution of the Council or a Council Committee that considered the report.
