The operating surplus for the period ended 31 December 2025 of \$14.322m is above the budget of \$12.816m by \$1.506m. The main drivers of this position are:

- Interest Received Banks & Other is above budget by \$36k due to higher-than-expected balances and interest rates.

7. OTHER INCOME

This category is below budget by \$2k to the end of December. The following significant variances are noted:

- Lease/Rent Fees Received is \$16k below budget, primarily due to delays in the completion and full tenanting of the new Hub building. In addition, occupancy levels are not yet at capacity, resulting in lower-than-budgeted monthly rental income and delays in charging on-cost recoveries.

- Payroll Tax is below budget by \$11k.
- Salaries are below budget by \$237k.
- Superannuation is below budget by \$48k.

These Employee Benefits underspends are offset by overspends in the following areas:

- Temporary Staff Employed Through Agency is above budget by \$14k primarily due to Roads crews staff member vacancies being filled by temporary staff.

10. MATERIALS AND SERVICES

Materials and services are \$656k below budget to the end of December.

- Environmental Health \$11k due to delays in finalising the Southern Beaches stormwater strategy and Primrose Beach wastewater investigations.
- IT \$5k due to delays in the Cyber Security insurance review.

These Consultants Other underspends are offset by overspends in the following areas:

- Finance \$16k due to the implementation of an expense management project and the implementation of additional task automation and security features in the Finance system.
- Waste Management \$7k for FOGO implementation advice budgeted for later in the financial year.
- Contractors is below budget by \$83k primarily due to project timing:
 - IT - \$11k with delays in the production server and \$5k for the hyperconvergence projects.
 - NRM - Net underspend of \$93k, primarily driven by delays in the delivery of the Blue Lagoon cumbungi removal \$90k, weeds management implementation plan \$6k, and NRMEAG Weed Management Plan \$15k, partially offset by fencing works (\$15k overspend) originally budgeted for 2024–25 and a contribution \$9k to NRM South for improvement to the catchment and wetland health at Pitt Water – Orielton Lagoon.

- Mobile Garbage Bin Replacement is below budget by \$65k with the annual expenditure budgeted for December rather than a monthly bin replacement expenditure profile.
- Operating Capital is below budget by \$28k primarily due to delays in the commencement of the Youth program.
- Plant Hire – External is below budget by \$34k due to Community Facilities \$16k Porta Loos hire for Maddison Lyden Park being less than expected and Stormwater \$14k planned excavator hire required at a later date.
- Repairs and Maintenance is below budget by \$167k predominately as a result of underspends to date in Community Facilities \$25k, Roads – Sealed \$68k, Stormwater \$28k, Land Improvements \$32k and Bridges \$47k.

These underspends are somewhat offset by a small number of overspends totalling \$33k, primarily Roads – Unsealed \$23k due to an unplanned major repair. Repairs and maintenance costs are difficult to estimate, due to the often reactive and unpredictable nature of these activities. However, most of these underspends are due to scheduling.

- Kerbside Hard Waste Collection is over budget by \$21K with a higher-than-expected cost.
- Kerbside Hard Waste Disposal is over budget by \$10k with a higher-than-expected cost.
- Kerbside Recycling Disposal is below budget by \$37k primarily due to delays in processing of the December invoice and the commencement of the unbudgeted Recycle Rewards scheme for eligible drink containers

Current spend also includes some minor light fleet tyre purchases, which were unbudgeted.
- Valuation Expenses are below budget by \$51k primarily due to ongoing delays in receipt of invoices for the Council Property Roll revaluation project (\$42k) and Supplementary revaluation expenses of \$21k being less than the budgeted \$30k.

- Government Fire Contributions is above budget \$172k due to the processing in December of the second quarter Fire Service Levy payment budgeted in January.

The overspend is partially offset by an underspend in the following areas:

- Audit expenses is below budget by \$13k due to a delay in the progression of internal audit projects.
- Donations and Section 77 Expenses is below budget by \$16k, primarily due to delays in a contribution to the Sorell Tennis Club \$10k and less than expected demand for donations.
- Functions and Programs is below budget by \$29k primarily due to delays and underspends in Engagement and Events projects of \$16k and delays in the commencement of the Youth Program of \$12.5k.

14. GRANTS CAPITAL

Refer to attachment (g) Grants Operating and Capital Variance Analysis for a detailed explanation of the variances.

15. CONTRIBUTIONS – NON-MONETARY ASSETS

Developer contributions were over budget by \$182k to the end of December. This relates to donated assets which have been capitalised in Assetic in the first half of the financial year. Donated assets generally relate to subdivision assets, which become a Council asset once the development is complete.

16. NET GAIN / (LOSS) ON DISPOSAL

This category is under budget by \$393k with the budgeted sale of Amelia Court land parcel now planned for later in the financial year.

17. SHARE OF INTEREST IN JOINT VENTURES

This category is in line with budget to the end of December.

CASH & INVESTMENTS

The Council maintains deposits with four major banks (Commonwealth (CBA), Westpac, Bendigo Bank and MyState).

Council's cash position decreased by \$1.488m during the month of December, predominantly due to capital expenditure. In comparison with the 2024/2025 financial year, the current cash balance of \$25.650m is \$4.163m greater than the balance at the same time last year. Sorell Council continues to hold \$1.303m in grant income received in advance as reported in the Balance Sheet, this is \$142k less than the balance at the same time last year. Overall, the current cash balance movement is a result of less year-to-date capital expenditure than expected.
